The application stated that customers demand higher-end experiences with more amenities compared to the current traditional vehicles.

Notice of the application was published in the Royal Gazette on Wednesday, June 26, 2024, and notice provided to the industry. There were no objections received by the stated deadline of July 3, 2024.

The application was considered by the Board without a hearing on July 5, 2024. The Board accepts the evidence filed in support of the application that the amendments are needed because of customers' demands for higher-end experiences.

The Board approves the application and orders that the license be amended as noted above, effective immediately.
