A. BOARD MANDATE

Mandate

The Board has a broad quasi-judicial mandate set by legislation. The mandate can be broken down in two ways:

1. Regulatory – having to do with:
 - a. Approving requests from regulated commercial entities such as public utilities (e.g., water, wastewater, electricity, natural gas), motor carriers, railways, the Halifax-Dartmouth Bridge Commission, payday loan companies, and automobile insurers for things such as rates, capital expenditures, operating permits, and discontinuing or abandoning service;
 - b. Setting the price for gasoline and diesel sold to the public; and,
 - c. Resolving complaints against utilities and motor carriers.
2. Adjudicative – having to do with:
 - a. Appeals from the decisions of others relating to such things as property value, fire safety, municipal planning, liquor licensing, movie classifications, and gaming at casinos;
 - b. Setting the value of expropriated land when it cannot be agreed on by the parties involved; and,
 - c. Approving requests pertaining to municipalities and the CSAP such as changing electoral boundaries, dissolution, amalgamation and annexations.

The specific powers and duties of the Board vary by statute. A complete list of statutes is included as Appendix A.

B. PRIORITIES

Strategic Plan

The Board's main priority, as noted above, is carrying out the mandates assigned to it by the Legislature. Occasionally, the Board will consult with its stakeholders to consider how we can more efficiently and effectively deliver our services. Such discussions informed our 2016 Strategic Plan. The direction set out in the 2016 Strategic Plan continues to be relevant and is the basis for this Business Plan.

While the 2016 Strategic Plan is substantially complete, efforts will continue throughout fiscal 2021 on the following strategic priorities:

1. Continued implementation of the strategic communications and outreach plan with a view to better meeting the needs of users of our services.

2. Heightening the efficiency and effectiveness of the Board by:
 - a. Maintaining a culture of continuous improvement.
 - b. Assessing staff roles and internal processes to promote service effectiveness and efficiencies.
3. Fostering a positive and healthy workplace culture that strives to achieve excellence by:
 - a. Maintaining effective internal communication.
 - b. Promoting cross-organizational relationship building at all levels to achieve greater teamwork and collaboration.
4. Strengthening the Board's capacity to innovate and adapt to the future by:
 - a. Continually advancing our knowledge about best practices; local, national and international trends and events; and how they impact matters and sectors within the Board's jurisdiction.
 - b. Providing training, education and professional development to all members and employees to ensure they have the required skills, knowledge, and understanding to effectively respond to changing regulatory and adjudicative environments.

A copy of the 2016 Strategic Plan, including specific objectives relating to the priorities above, can be found on the Board's website at: <https://nsuarb.novascotia.ca/about/plans-reports>

Duty to Consult

In July 2017, the Supreme Court of Canada released two important decisions relating to an administrative tribunal's jurisdiction and function with respect to Crown consultation in the context of aboriginal and treaty rights¹. These decisions clarify the Board's role where its decisions may impact on aboriginal rights, including asserted treaty rights and aboriginal title issues. The Board may be called upon to determine whether sufficient Crown consultation has occurred. A recent Nova Scotia Court of Appeal decision further confirmed the Board's legal obligation². The Board continues to monitor ongoing case law across Canada.

In the 2020 fiscal year the Board adopted a protocol for carrying out its obligation to ensure that adequate consultation has occurred. The Board will be circulating the protocol to interested parties with an invitation to comment.

¹ See: *Chippewas of Thames First Nation v. Enbridge Pipelines Inc.*, 2017 SCC 41 (CanLII); *Clyde River (Hamlet) v. Petroleum Geo-Services Inc.*, 2017 SCC 40 (CanLII)

² See: *Nova Scotia (Attorney General) v. Nova Scotia Utility and Review Board*, 2019 NSCA 66

During the 2021 fiscal period, one of the Board's objectives will continue to be the implementation of the protocol setting out the process to be followed in such instances. This will involve consultation with various stakeholders with the aim of ensuring the Board's jurisdiction and function is properly discharged and an effective and efficient hearing process is maintained.

Restricted and unrestricted surplus - end of year	1,887	2,088	2,088

³ Figures provided are forecasts. Actual results may differ materially.

⁴ Unbudgeted operations expenses arise from hearing activities that cannot reasonably be forecast in advance. Most of these expenses are recovered from the applicant or appellant, or party requesting the service.

⁵ See footnote 4 above.

⁶ Surpluses may be restricted for things such as capital assets in use, working capital requirements, and incomplete projects for which revenues have been received.

D. PERFORMANCE MEASURE

Quasi-judicial Function					
Outcome	Measure	Data Base Year	Trends	Target 2020-2021	Strategies to Achieve Target
Independently and fairly resolve matters in a timely fashion ⁷ .	Percentage of hearing decisions issued within target number ⁸ of writing days from receipt of final submissions.	Base Year 2006-07 94.0%	Trends: See chart on next page	Maintain 95% or more of decisions released within target number of writing days from receipt of final submissions.	<ul style="list-style-type: none"> - Use of electronic filing, information repository and case management programs to aid in processing. - Continue monitoring of member and staff performance through monthly Board meetings. - Periodic consultation with external parties to seek ways to improve services.

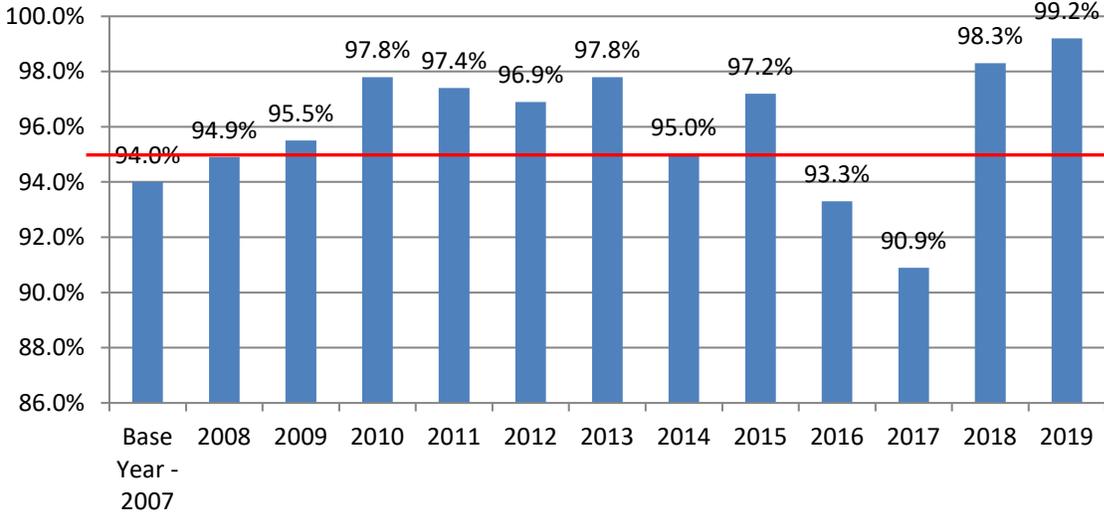

The following chart shows the Board's actual performance in meeting its target of having 95% or more of decisions released within the target writing time.

⁷ While timely production of decisions is important the primary emphasis must always be to fairly resolve matters based on the specific facts of each case and relevant law.

⁸ Target writing times vary by mandate and type of file. Ordinary matters have a target of 90 days. Planning matters have a statutory limit of 60 days unless extended by the Board at the conclusion of the hearing or necessary for the interests of justice. Some insurance matters have statutory limits of 10, 15, 20, or 60 days. At the Board's discretion timelines for some insurance matters can be extended. Routine procedural matters have a target of 10 working days. Note that these timelines are measured from the date of receipt of final submissions.
