D.	PERFORMANCE MEASURE	. 8
	dix A: List of Statutes Containing Board Mandate	

Document: 289438 Page **2** of **10** 

#### A. BOARD MANDATE

#### **Mandate**

The Board has a broad quasi-judicial mandate set by legislation. The mandate can be broken down in two ways:

- 1. Regulatory having to do with:
  - a. Approving requests from regulated commercial entities such as public utilities (e.g., water, wastewater, electricity, natural gas), motor carriers, railways, the Halifax-Dartmouth Bridge Commission, payday loan companies, and automobile insurers for things such as rates, capital expenditures, operating permits, and discontinuing or abandoning service;
  - b. Setting the price for gasoline and diesel sold to the public; and,
  - c. Resolving complaints against utilities and motor carriers.
- 2. Adjudicative having to do with:
  - a. Appeals from the decisions of others relating to things such as property value, fire safety, municipal planning, liquor licensing, and movie classifications:
  - b. Setting the value of expropriated land when it cannot be agreed on by the parties involved; and,
  - c. Approving requests pertaining to municipalities and the CSAP such as changing electoral boundaries, dissolutions, amalgamations and annexations.

The specific powers and duties of the Board vary by statute. A complete list of statutes is included as Appendix A.

#### B. PRIORITIES

## **Strategic**

The Board's main priority, as noted above, is carrying out the mandates assigned to it by the Legislature. Periodically, the Board will consult with its stakeholders to consider how we can more efficiently and effectively deliver our services. Such discussions informed our 2016 Strategic Plan which has been substantially completed. The direction set out in that Plan, particularly as it relates to vision and values, continues to be relevant and is the basis for this Business Plan.

A major objective of the 2016 Strategic Plan is to improve confidence in the regulatory process. The Board continues to work to achieve this through the following four strategic themes:

Document: 289438 Page **3** of **10** 

- 1. Continued implementation of the strategic communications and outreach plan with a view to better meeting the needs of users of our services.
  - Continued development of French language portions of the Board's website.
  - b. Continuing to offer information sessions to community or other interest groups on the Board and its mandates. While COVID protocols are needed these will continue to be webinars.
  - c. Continued focus on plain language in decisions, documents, and other communications.
- 2. Heightening the efficiency and effectiveness of the Board by:
  - a. Maintaining a culture of continuous improvement including continued emphasis on operational and service excellence initiatives and continued training at all levels in Lean Sigma techniques.
  - b. Assessing staff roles and internal processes to promote service effectiveness and efficiencies.
  - c. Continued use of webinars or other technology to promote access to hearings and reduce costs for participants.
- 3. Fostering a positive and healthy workplace culture that strives to achieve excellence by:
  - a. Enhancing and maintaining internal communication.
  - b. Promoting cross-organizational relationship building at all levels to achieve greater understanding and collaboration.
  - c. Examining options for hybrid work arrangements.
  - d. Creating a consolidated training plan for all Members and staff.
- 4. Strengthening the Board's capacity to innovate and adapt to the future by:
  - a. Continually advancing our knowledge about best practices; local, national, and international trends and events; and how they impact matters and sectors within the Board's jurisdiction.
  - b. Providing focused training, education and professional development to all members and employees to ensure they have the required skills, knowledge, and understanding to effectively respond to changing regulatory and adjudicative environments.

A copy of the 2016 Strategic Plan, including specific objectives relating to the priorities

Document: 289438 Page **4** of **10** 

above, can be found on the Board's website at: <a href="https://nsuarb.novascotia.ca/about/plans-reports">https://nsuarb.novascotia.ca/about/plans-reports</a>.

It is anticipated that a new strategic planning process will be initiated in 2022 after the appointment of a new Board Chair.

## **Operational Sustainment**

The Board continues to use its electronic systems to effectively conduct business despite the ongoing COVID pandemic. This includes ongoing use of webinars and other technology to conduct public hearings. As the timeline for relaxing COVID protocols is unknown the Board anticipates continuing emphasis on this technology well into 2022-2023.

#### **Member Succession**

Near the end of fiscal 2021-2022 the Chair of the Board will retire. Two other Members will retire in the fall of 2022. New Members are likely to be appointed in the first quarter of calendar 2022. Training and integration of these new Members will be a priority.

## **Operations - Major Hearings**

A number of significant applications are received in any given year. The following are of particular note due to their complexity, public or ratepayer impact, or the significance of Board resources and time required to resolve them:

#### Nova Scotia Power Inc. General Rate Application

On January 27, 2022, Nova Scotia Power Inc. filed an application for a series of three rate increases affecting all rate classes (i.e., August 1, 2022; January 1, 2023; and January 1, 2024). The overall rate effect, including compounding, is to increase the revenue to the utility by approximately 11.5%. The application also includes other requests such as an increase in the earnings range and common equity, a decarbonization deferral account to account for early retirement of coal assets, special accounts to recover storm and demand side management costs, an increase in pole attachment rates, and capital projects relating to the Maritime Link. A hearing has been scheduled for September 2022.

#### Municipal Boundaries Review

Municipalities are required to conduct a study every eight years of the number and boundaries of polling districts, their fairness and reasonableness, and the number of councillors. After the study is completed, and before the end of the year in which the study was conducted, the council must apply to the Board to confirm or alter the number and boundaries of polling districts, and the number of councillors<sup>1</sup>.

Document: 289438 Page **5** of **10** 

<sup>&</sup>lt;sup>1</sup> Municipal Government Act, S.N.S. 1998, c.18 at section 369.

Notice was given to municipalities on December 10, 2021 to begin the review process. Some responses may be received during the 2021-2022 fiscal year. This will be a focus of considerable effort, including hearings, to ensure all matters are successfully concluded in time for the next municipal elections.

## <u>EfficiencyOne Three Year Plan – Demand Side Management</u>

EfficiencyOne is scheduled to file a three-year plan outlining programs to reduce electricity consumption. Costs relating to those programs are recovered through electricity rates. A hearing has been tentatively scheduled for June 2022.

## **Duty to Consult**

In July 2017, the Supreme Court of Canada released two important decisions relating to an administrative tribunal's jurisdiction and function with respect to Crown consultation in the context of aboriginal and treaty rights<sup>2</sup>. These decisions clarify the Board's role where its decisions may impact on aboriginal rights, including asserted treaty rights and aboriginal title issues. The Board may be called upon to determine whether sufficient Crown consultation has occurred. A recent Nova Scotia Court of Appeal decision further confirmed the Board's legal obligation<sup>3</sup>. The Board continues to monitor ongoing case law across Canada.

The Board strives to apply best practices in carrying out its obligation to ensure that adequate consultation has occurred.

One of the Board's objectives will continue to be the implementation of a protocol setting out the process to be followed in such instances. This will continue consultation with various stakeholders with the aim of ensuring the Board's jurisdiction and function is properly discharged and an effective and efficient hearing process is maintained.

### **Business Continuity**

In fiscal 2021-2022 the Board updated its business continuity plan to align it with updated threats identified by the Business Continuity Management Office at Service Nova Scotia and Internal Services. During 2022-2023 the Board intends to continue training and mitigation efforts consistent with that plan to strengthen resiliency.

<sup>&</sup>lt;sup>3</sup> See: Nova Scotia (Attorney General) v. Nova Scotia Utility and Review Board, 2019 NSCA 66

#### C. **BUDGET CONTEXT**

Nova Scotia Utility & Review Board							
	2021 – 2022 Estimate	2021 – 2022 Forecast <sup>4</sup>	2022- 2023 Budget				
Program & Service Area	(\$thousands)	(\$thousands)	(\$thousands)				
Gross expenses:							
Quasi-judicial - budgeted operations	6,329	6,252	6,485				
Quasi-judicial - unbudgeted operations <sup>5</sup>	0	1,983	0				
Total expenses	6,329	8,235	6,485				
Revenues:							
Grant from Province of Nova Scotia	2,123	2,147	2,270				
Recoveries from utilities and others	4,206	4,224	4,215				
Recoveries - unbudgeted operations <sup>6</sup>	0	1,988	0				
Total revenues	6,329	8,359	6,485				
Net income (loss)	0	124	0				
Restricted and unrestricted surplus <sup>7</sup> - beginning of year	2,257	2,257	2,381				
Restricted and unrestricted surplus - end of year	2,257	2,381	2,381				

Document: 289438 Page **7** of **10** 

<sup>&</sup>lt;sup>4</sup> Figures provided are forecasts. Actual results may differ materially.

<sup>&</sup>lt;sup>5</sup> Unbudgeted operations expenses arise from hearing activities that cannot reasonably be forecast in advance. Most of these expenses are recovered from the applicant or appellant, or party requesting the service.

<sup>&</sup>lt;sup>6</sup> Unbudgeted revenues arise from hearing activities that cannot reasonably be forecast in advance. These are the recoveries of the unbudgeted expenses.

<sup>&</sup>lt;sup>7</sup> Surpluses may be restricted for things such as capital assets in use, working capital requirements, and incomplete projects for which revenues have been received.

#### D. PERFORMANCE MEASURE

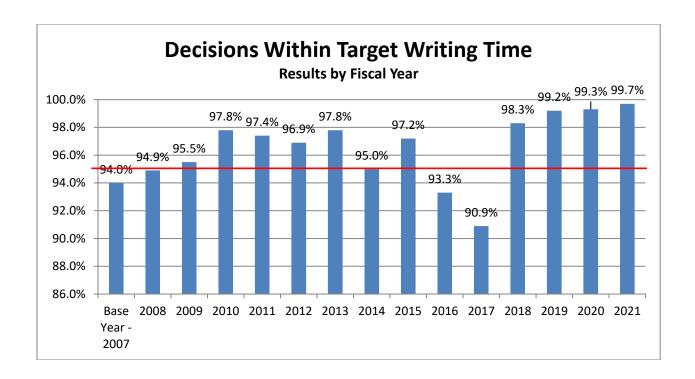

Quasi-judicial Function										
Outcome	Measure	Data Base Year	Trends	Target 2022- 2023	Strategies to Achieve Target					
Independently and fairly resolve matters in a timely fashion8.	Percentage of hearing decisions issued within target number <sup>9</sup> of writing days from receipt of final submissions.	Base Year 2006-07 94.0%	Trends: See chart on next page	Maintain 95% or more of decisions released within target number of writing days from receipt of final submissions.	- Use of electronic filing, information repository and case management programs to aid in processing.  - Continue monitoring of member and staff performance through monthly Board meetings.  - Periodic consultation with external parties to seek ways to improve services.					

The following chart shows the Board's actual performance in meeting its target of having 95% or more of decisions released within the target writing time.

Document: 289438 Page **8** of **10** 

<sup>&</sup>lt;sup>8</sup> While timely production of decisions is important the primary emphasis must always be to fairly resolve matters based on the specific facts of each case and relevant law.

<sup>&</sup>lt;sup>9</sup> Target writing times vary by mandate and type of file. Ordinary matters have a target of 90 days. Planning matters have a statutory limit of 60 days unless extended by the Board at the conclusion of the hearing or necessary for the interests of justice. Some insurance matters have statutory limits of 10, 15, 20, or 60 days. At the Board's discretion timelines for some insurance matters can be extended. Routine procedural matters have a target of 10 working days. Note that these timelines are measured from the date of receipt of final submissions.
