

Nova Scotia Utility and Review Board

Routine Access Policy

POLICY STATEMENT

1. This “Routine Access” policy for the Nova Scotia Utility and Review Board is designed to provide persons with an opportunity to obtain certain categories of records without having to submit an Application for Access to a Record under the **Freedom of Information and Protection of Privacy Act**. It is to be administered in accordance with the following principles:

a. **Personal Privacy**

The policy shall be applied in a manner which will be considerate and protective of the personal privacy of individuals and records subject to this policy are to be considered for release and severing in a manner consistent with the provisions of the **Freedom of Information and Protection of Privacy Act**.

b. **Timeliness**

Responses to requests for information are to be processed in a reasonable and timely fashion.

c. **Cost Recovery**

Fees for the reproduction and provision of records may be charged where authorized.

d. **Transparency**

This policy is to be readily available to the public.

e. **Reasonableness**

This policy is to apply only to requests for reasonable quantities of records.

f. **Respect for the Quasi-judicial Process**

Nothing in this policy is intended to override the directions, decisions or orders of members or panels of the Board set down during the exercise of their quasi-judicial authority.

DEFINITIONS

2. The **Act** means the **Freedom of Information and Protection of Privacy Act**.
3. **Routine Access** is the routine or automatic release, in full or in part, of certain types of administrative or operational records without the need for a formal application under the **Act**.
4. **Active Dissemination** is the intentional and proactive release of information or records in the absence of a request using mechanisms such as Internet web sites, email, libraries, etc.
5. **FOIPOP Access** is the release of a record in response to a formal application made under the **Act**.
6. A **Record** is defined in the **Act** and “includes books, documents, maps, drawings, photographs, letters, vouchers, papers and any other thing on which information is recorded or stored by graphic, electronic, mechanical or other means, but does not include a computer program or any other mechanism that produces records”.

POLICY OBJECTIVES

7. The objective of this policy is to ensure access to certain records without undue administrative burden to the public or excessive work being required of staff. It is also to reflect the spirit of openness and accountability intended in the **Act**.

APPLICATION

8. This policy applies to all records designated under this policy and set down in Schedule B attached created after October 23, 2003. The policy does not apply to records which are ordinarily available to the public as part of a proceeding before the Board or made available through active dissemination.
9. This policy applies to requests for reasonable quantities of records and is not to apply to a request for more than 50 pages of records in a particular category or time period. Repetitive requests by an individual for significant volumes of records or the separation of a request into several small requests totalling a large volume, are not subject to this policy. It is important to ensure that the application of this policy does not unduly interfere with the day-to-day operations of the Board.
10. Requests made under this policy do not apply to information subject to specific exemptions or restrictions under the **Act**.
11. Personal information may be severed with the same criteria and in the same manner as other requests made under the **Act**.

15. This policy is subject to the Board's STAR (Standard for Administrative Records) and STOR (Standard for Operational Records) when and as approved. Those standards set down the retention and storage guidelines for all Board records.

POLICY GUIDELINES

16. Requests for "Routine Access" to a particular record shall be processed within a reasonable period of time, but in any case no later than 30 days from receipt of the request.
17. If a request is made for a record not subject to this policy, the person making the request will be promptly informed and advised of other alternatives, if any, for obtaining the information sought. (e.g., the information is already publicly available, a formal Request for Access to a Record is required, or the information is held by another department or agency of government).
18. Individuals who apply under the **Act** for Board records available under this Routine Access Policy will have their application fee returned and the records provided.
